

# Lay a Solid Foundation for Your Greek Program

The study of Greek is often a struggle for students. That's why it's important to have the right textbook to lay the groundwork. For many, *Basics of Biblical Greek*, by William D. Mounce, has become that book. This highly acclaimed text makes learning Greek a natural process, even for those who aren't natural at learning languages. By dealing with the New Testament text from the beginning, it makes clear that knowledge of Greek helps in understanding the New Testament—another struggle students often have. Written from the student's perspective, *Basics of Biblical Greek* combines the best of the inductive and deductive methods. Help your students begin to master Greek with what Frank Thielman calls "the finest New Testament grammar available."

# Comprehensive. Creative. Contemporary.

## *Is There a Meaning in This Text?*

The Bible, the Reader, and the Morality of Literary Knowledge

by Kevin J. Vanhoozer

Is there a meaning in the text of the Bible, or is meaning rather a matter of who is reading or of how one reads? Does evangelical Christian doctrine have anything to contribute to debates about interpretation, literary theory, and postmodernity? These are questions of crucial importance for contemporary biblical studies and theology alike.

This monograph is a comprehensive and creative analysis of current debates over biblical hermeneutics that draws on interdisciplinary resources, all coordinated by Christian theology. *Is There a Meaning in This Text?* guides the student toward greater confidence in the authority, clarity, and relevance of Scripture, and is a well-reasoned analysis of how to understand accurately the message of the Bible.

The author, **Kevin Vanhoozer** (Ph.D., Cambridge University), is senior lecturer in theology and religious studies at New College, University of Edinburgh, in Edinburgh, Scotland. He is author of *Biblical Narrative in the Philosophy of Paul Ricoeur: An Essay in Hermeneutics and Theology*.

# The Keys to New Foundational Texts and Reference

**The Greek-English Concordance to the New Testament**, by John R. Kohlenberger III, Edward W. Goodrick, and James A. Swanson, is an exhaustive index to three Greek texts: UBS4, Nestle-Aland, and the Greek text underlying the NIV. It lists all occurrences of a given Greek word, even where there is not a direct English equivalent. Entries are in Greek alphabetical order.

You know Zondervan Academic in Greek reference and text textbooks together with the works form an outstanding New Testament Greek.

**The Exhaustive Concordance to the Greek New Testament**, based on the UBS4 text, is an index to every Greek word in the New Testament. This rigorous work is also compiled by Kohlenberger, Goodrick, and Swanson.

**The New Linguistic and Exegetical Key to the Greek New Testament** by Cleon L. Rogers Jr. and Cleon L. Rogers III builds upon the content of the first English translation and goes beyond word forms to address grammatical and exegetical issues as well. It takes a proven study tool to the next level, equipping Greek students with a verse-by-verse analysis of unusual forms and grammatical and exegetical difficulties for the entire New Testament.

**Complete Vocabulary Guide to the Greek New Testament, Revised Edition** by Warren C. Trenchard. This is the most comprehensive book of its kind, covering the entire vocabulary of the Greek New Testament. Revised and updated, now comes in hardcover and adds G/K numbers to the index.

### Basics of Biblical Greek Grammar

by William D. Mounce. Written from the student's perspective, *Basics of Biblical Greek* combines the best of the inductive and deductive methods. Help your students begin to master Greek with what Frank Thielman calls "the finest New Testament grammar available."

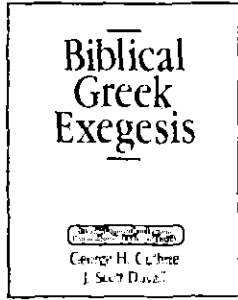

### A Graded Reader of Biblical Greek

by William D. Mounce contains annotated readings of increasing difficulty from the New Testament for second-year Greek students. By working with verses from the New Testament instead of made-up exercises, students are able to deepen their understanding of the New Testament while learning the fundamentals of Greek.

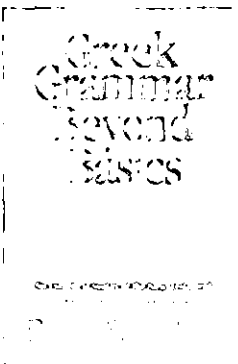

### Biblical Greek Exegesis

by George H. Guthrie and J. Scott Duvall. This recently published companion to *A Graded Reader of Biblical Greek* uses grammatical and semantic diagramming to give students "real-world" experience in analyzing the Greek New Testament and doing exegesis of the biblical text.

### Greek Grammar Beyond the Basics

by Daniel B. Wallace integrates the technical requirements for proper Greek interpretation with the needs and interests of students. It is the first textbook to systematically link syntax and exegesis of the New Testament. It is an indispensable intermediate Greek resource for second-year students and a lifelong reference tool for proper exegesis of the Greek New Testament.
